Umbral Visuals — Landscape & Travel Photography

Holon, Israel · 053-348320 · umbralvisuals@gmail.com · [instagram.com/umbral_visuals/](https://www.instagram.com/umbral_visuals/)

Two years into a self-taught photography practice and highly motivated to keep building it — open to work of any kind, with a particular interest in stills and product photography.

EXPERIENCE

First Gigs

Self-employed · Before 2025

A handful of early jobs while learning the craft from the ground up — self-taught, camera in hand, working out exposure, composition, and a post-processing workflow through practice rather than formal training.

The Turning Point — Vietnam, Thailand & Japan

Umbral Visuals · Early 2025 · Southeast & East Asia

A months-long trip through Vietnam, Thailand, and Japan became the real beginning. Shooting daily in unfamiliar light and landscape is where the patience and attention to atmosphere that define the current work actually formed — most of the Umbral Visuals portfolio originates from this trip.

Freelance Photographer

Umbral Visuals · 2025 — Present

Building an early client base under the Umbral Visuals name, shooting landscape and travel work while developing toward stills and product photography.

TECHNICAL PROFICIENCY

Camera systems

Canon R8

Lenses

Canon RF 50mm f/1.8, Canon RF 16mm f/2.8, Canon RF 100-400mm

Lighting

Godox V860III speedlight, MagMod modifier system

Editing software

Adobe Lightroom (professional color correction & grading), Adobe Photoshop (developing)

Color workflow

Raw files graded and corrected in Lightroom to build each series' cinematic, atmospheric look — the primary editing workflow behind every image on this site.
